

Cass City Promise

Sponsored by

Erla Foods
Cass City Chamber of Commerce
Cass City Public Schools

Mission Statement: To develop short term and long term projects to assist the students of Cass City and our community as a whole.

Short Term Project: Each \$0.25 you deposit into the container at Erla Foods store will go to a project for Cass City Public Schools. Erla Foods will match up to \$500 per month of your donations. Erla Foods is committed to the 'Cass City Promise' program for the next two years, with your help. You can vote for your favorite project on our website and the final decision will be made by our committee 'based on your votes' and the 'funds collected'. The Committee consists of members of the Cass City Chamber of Commerce and Public Schools. The projects are 1) New playground equipment for the Elementary School, 2) An Awning covering the sidewalk at the Elementary School to protect students from the weather, and 3) Other projects as they develop.

Long Term Project: Set up a fund to assist graduating seniors with money to help with college or trade school costs. More information will follow as plans become more formal. We will provide all the information on our website 'www.casscitypromise.org'.
