Due Date: 06/28/2024

The purpose of the model is to support Intermediate School Districts (ISDs) and Local Educational Agencies (LEAs) to understand and implement research-supported literacy coaching practices that should support strong coaching programs and drive professional learning around literacy coaching throughout the state. Literacy coaching can provide powerful job-embedded, ongoing professional development with a primary goal of enhancing classroom literacy instruction through improving teacher expertise. Effective literacy coaching supports teachers to successfully navigate the daily challenges they face in their classrooms. As a result, instructional capacity and sustainability within the schools increases. In addition, through improving teacher expertise and the quality of core instruction, student achievement increases."
