### **Cass City Public Schools**

#### District Annual Education Report (AER) Cover Letter

2013 - 2014 School Year

August 1, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-14 educational progress for the Cass City Public Schools. The AER addresses the complex reporting information required by Federal and some requirements of State laws. Our staff is available to help you understand this information. Please contact Superintendent Jeff Hartel or any building principal for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site **www.casscityschools.org** or you may review a copy in the principal's office at your child's school.

The report contains the following information:

**Student Assessment Data** – Elementary or middle school assessment results on the Michigan Educational Assessment Program (MEAP), high school assessment results on Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students. (See Attached Handout)
- Helps parents understand achievement progress within schools and compare these to district and State achievement. (Parents are encouraged to ask questions on local and state assessments. Teachers are very happy to explain their child's results.)

#### **Accountability Scorecard – Detail Data and Status**

Information is provided for the district and each school related to achievement targets in reading, writing, mathematics, science and social studies answering questions like:

 Did the district (and schools) meet achievement targets for all students and subgroups of students? (Students met most of the

- achievement targets. One area of concern is elementary math. Another is making sure our bottom 30% close the gap with our top 30% of students.)
- Did the district (and schools) meet achievement growth targets for all students and subgroups of students? (Not all growth targets were met. See building principals for more details. A majority of growth targets were met with local assessments.)

#### **Teacher Qualification Data**

- Identifies teacher qualifications at district and school levels (Teacher qualification and credentials are kept on file in the superintendent's office.
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes (All teachers are Highly Qualified to teach their current subject areas.)

#### NAEP Data (National Assessment of Educational Progress)

 Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8

Review the table below listing our schools. The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases no status label is given.

School Name	Status Label <identify and="" focus,="" label="" no="" priority,="" reward,="" schools=""></identify>	Key initiative to accelerate achievement:
